## THE BEAUTY OF FEELING AT HOME

We are creating a stone-effect collection inspired by the Irregularity of typical features of everyday life: the shadows of lines cast by the sun on a wall, a hedge made with the leaves of a plant, the vines that cover a wall, spacial soil that is created when rock is exposed to wind and rain, the appearance of gradually worn material etc. The reconstructed these situations and expressions of everyday life, using straight lines, on tiles designed exclusively for harmony.

**BALANCED OPPOSITES TO FILED THROUGH  
A SYMPHONY OF SENSATIONS.**
